

Dominican Republic, June 2023

To whom it may concern:

MARDOM, is a Dominican company which is leader in the integrated logistical services market, committed to operational excellence, being proactive, and constantly improving the organization. MARDOM is known for innovative initiatives and high degree of technical knowledge on Global Logistics; furthermore, we constantly seek out new value-added solutions to meet our client's needs.

Between August 2022 and February 2023, we developed, together with **London Consulting Group**, the project "**KPIs Development**", focused on the understanding, consolidation and data leverage for decision making.

We can mention with satisfaction that our objectives were met, thanks to the contribution and collaboration of the staff of Marítima Dominicana and London Consulting Group.

For all the above, we are pleased to recommend London Consulting Group as a professional and committed firm, which increased the level of data-oriented management, analytical and technological maturity, practical implementation of solutions, leadership and commitment to capitalize on improvements in the organization in the short term.

Karsten Paul Windeler
